**WELCOME TO OUR
COMPANY CAPABILITY
STATEMENT 2025**

EXECUTIVE SUMMARY

Elite Walls & Fencing is a trusted Queensland-based provider of high-quality retaining wall and fencing solutions. With a proven track record in residential, commercial, and civil sectors, we specialise in the design and construction of engineered structures that enhance property value, ensure long-term stability, and meet stringent safety standards. Our team delivers end-to-end project execution – from site evaluation and planning to installation and aftercare – always on time and with exceptional workmanship.

WHO WE ARE

Elite Walls & Fencing is a division of Elite Group Enterprises Pty Ltd, established in 2018. We are a local, family-owned business with a passion for delivering durable, functional, and visually appealing outdoor construction solutions. Backed by experienced tradespeople and professional project managers, we operate with a strong focus on quality, compliance, and client satisfaction.

INDUSTRY OVERVIEW

Queensland's construction and landscaping sectors demand quality, efficiency, and long-term structural integrity. With urban expansion and increased demand for compliant outdoor infrastructure, Elite Walls & Fencing bridges the gap between engineering-grade quality and aesthetically integrated solutions, making us the preferred choice for builders and developers.

WHAT WE DO

We design, engineer, and install premium retaining wall and fencing systems across Queensland. From small residential builds to large-scale commercial developments, our work includes concrete sleeper walls, tiered retaining systems, Colorbond fencing, and SuperSleeper installations. Every project is customised, fully compliant, and built to last.

THE OWNERSHIP

Elite Walls & Fencing is guided by seasoned industry professionals with a strong background in construction, compliance, and business operations. Their practical experience ensures each project is delivered with integrity, precision, and a commitment to long-term client relationships.

OUR MISSION AND PURPOSE

Our mission is to deliver best-in-class retaining wall and fencing systems that combine strength, functionality, and visual appeal. We exist to support Queensland property owners, developers, and builders by providing tailored solutions that meet both structural requirements and client expectations. By investing in quality materials, skilled labour, and modern systems like SuperSleeper®, we ensure long-term performance and client confidence – project after project.

COMPANY DETAILS

Elite Walls & Fencing is a Queensland-based company specialising in retaining wall and fencing construction. Operating under its parent company, Elite Group Enterprises Pty Ltd, the business is fully QBCC-licensed and GST-registered, with a strong commitment to compliance, craftsmanship, and timely delivery.

SuperSleepers

ENGINEERED FOR PERFORMANCE, BUILT FOR LONGEVITY

Every line we set, every post we place, is done with precision and purpose

At 209 Johnson Street, Chinchilla, our team is delivering a complete SuperSleeper retaining wall system built for strength, stability, and long-term performance.

Designed for the BMD Group, this project features over 1,000 SuperSleepers across 400 square metres, engineered to meet strict site gradients and load requirements.

From detailed set-out to final alignment and compaction, every stage is handled with accuracy to ensure a durable structure ready to perform for decades to come.

CERTIFIED SuperSleeper®

Australia's most advanced composite retaining wall system.

Starting from \$295 sqm.

**Increasing
production time on
site by up to 50%**

4x stronger than concrete, 4x lighter
than steel

Reduced CO₂ impact and transport cost

1

Certified Systems: SuperSleeper®

Elite Walls & Fencing is a proud certified installer of SuperSleeper – Australia's most advanced composite retaining wall system. This high-performance product is engineered for strength, speed, and sustainability,

2

SMARTER, FASTER INSTALLS

SuperSleeper's lightweight design allows for quicker, more cost-effective installations without compromising strength. Compared to traditional materials, it reduces the need for heavy machinery, speeds up construction time, and lowers labour costs – saving clients both time and money.

3

BUILT FOR STRENGTH & SUSTAINABILITY

Engineered to be 4x stronger than concrete and 4x lighter than steel, SuperSleeper walls combine structural durability with modern aesthetics. They're certified for high-load applications and are ideal for residential and commercial sites where performance matters.

4

LOW IMPACT, LONG- TERM VALUE

With a significantly lower CO₂ footprint and long-term weather resistance, SuperSleeper is a future-ready solution. It not only meets engineering standards but also aligns with environmental goals – making it a smart choice for sustainable landscaping and civil works.

CORE SERVICES

CONCRETE SLEEPER WALLS

High-strength retaining walls engineered for residential and civil applications.

- Structural durability
- Available in plain and decorative finishes
- Compliant with Australian standards

SuperSleeper® SYSTEMS

Certified composite retaining wall systems built for strength, speed, and sustainability.

- 4x stronger than concrete
- Lightweight & eco-friendly
- Sleek, modern finish

COLORBOND & STEEL FENCING

Secure and stylish fencing designed to withstand the elements.

- Rust-resistant Colorbond panels
- Variety of colours and profiles
- Long-lasting low-maintenance solution

SITE SERVICES & LANDSCAPING

End-to-end site preparation and finishing to support clean and efficient builds.

- Excavation, demolition & removal
- Retaining wall base prep
- Landscaping integration available

TIMBER FENCING

Traditional fencing with warmth and character, suited to a variety of home styles.

- Lapped & capped, palings, or slatted
- Custom heights and finishes
- Great for privacy and noise buffering

CERTIFICATIONS

STA Structural Design Certificate - CE173766-G

Issued By: STA Consulting Engineers

Scope: Prime Concrete Sleeper Range

Certified Standards:

AS1170.0:2002, AS1170.1:2002, AS1170.2:2011

AS3600:2009 – Concrete Structures

AS4678:2002 – Retaining Walls

Design Life: 60 years

Notes: Requires geotechnical validation for specific sites.
Includes 40MPa concrete strength and N12 bar reinforcement.

SuperSleeper Material Safety Compliance

Issued By: SuperSleeper Pty Ltd (ABN 16 650 699 675)

Document: Material Safety Data Sheet (MSDS)

Classification: Non-hazardous under WHS (2011) and GHS

Key Properties:

Fire-safe under normal use

Stable, long-lasting composite material with fibreglass reinforcement

Safe for handling with standard PPE precautions

Standards Referenced:

AS/NZS 1716 – Respiratory Protection

AS 1940 – Combustible Materials Handling

CERTIFIED FOR STRUCTURAL INTEGRITY & LONGEVITY

Elite Walls & Fencing uses only fully certified materials, such as STA-certified concrete sleepers and WHS-compliant SuperSleeper systems. Every installation is backed by engineering expertise and conforms to national safety standards.

**All certifications are
available upon request
for tender submissions,
council approvals, or
engineering validation.**

DIRECTOR'S STATEMENT

***“GREAT PROJECTS
START WITH GREAT
PEOPLE”***

At Elite Walls & Fencing, we believe that a strong foundation isn't just built from concrete — it's built from commitment, trust, and the people behind the work.

From the beginning, our goal has been to deliver more than just structures — we deliver confidence, safety, and value to every client we serve.

We operate in an industry where reputation is earned through action. That's why we back every project with genuine accountability, quality materials, and a team that understands the meaning of hard work. Whether we're building for a homeowner, a developer, or a civil contractor, our focus never shifts from delivering reliable, long-term outcomes.

As a business, we continue to grow — not just in scale, but in depth of service, capability, and care. We are constantly improving our processes, investing in training, and working with innovative systems like SuperSleep-er® to raise the bar on what clients should expect from outdoor construction specialists.

I'm proud of the team we've built and the relationships we've earned. We don't take shortcuts. We don't chase volume. We build right — the first time — and we stand behind everything we do.

Thank you for considering Elite Walls & Fencing. We look forward to supporting your next project with integrity, precision, and a commitment to excellence.

Andrew Begley

Managing Director, Elite Group Enterprises Pty Ltd

CLIENT TESTIMONIALS

At Elite Walls & Fencing, we pride ourselves on delivering outcomes that speak for themselves – but our clients say it even better. From homeowners to developers, our team is trusted for quality craftsmanship, responsive service, and reliable results. Here's what some of our clients had to say after working with us.

SOME SATISFIED CLIENTS

Tim Gee

Sloped Block Retaining & Fencing

"So grateful to have found Andrew and the team. From the first contact, they were professional and efficient. Our fence and retaining wall were done in just over a week, with amazing detail. Our yard looks incredible, and the dogs are finally safe again!"

Baturay Erol

Residential Client

"Andrew and his team were professional and communicative from start to finish. They kept us updated, delivered on time, and the results speak for themselves. Couldn't be happier – highly recommended!"

Louise Shaw

Retaining Wall Replacement

"Huge thank you to the Elite Walls team for redoing our retaining wall. Access was tricky, but they nailed it. Great work, great communication. We'll be calling them again for sure!"

LET'S WORK TOGETHER

2025 CAPABILITY STATEMENT

At Elite Walls & Fencing, we're ready to bring your vision to life with smart solutions, reliable timelines, and exceptional results. Whether it's a residential build or a large-scale civil project, we're here to support you every step of the way.
